UN International Computing Centre

The UN International Computing Centre (UNICC) has 50 years of experience providing digital business solutions to the United Nations family and related organizations. Its mission is to provide trusted services, sharing its expertise and ecosystems to generate economies of scale that benefit its over 70 Clients.

UNICC, as per its mandate, is the shared digital business solutions provider for the UN system, created by a resolution of the UN General Assembly in 1970. Over the past 50 years, UNICC has acquired a strategic view of the technology needs of its Clients and has been continually expanding its services in various parts of the world and in various areas.

UNICC offers state-of-the-art services in information security, cloud computing, app-dev, data and analytics, Robotic Process Automation, Enterprise Resources Planning (ERP) and application hosting, Unified Communications, network and infrastructure management and more. UNICC offers cost savings, business efficiencies and volume discounts based on the scale of its engagements. As a United Nations entity, UNICC operates with UN privileges and immunities, and its cost-recovery business model uniquely positions it to meet the needs of its Clients.

Our Clients can focus on their substantive business while leveraging UNICC’s services built upon industry best practices and standards.

Strategic Partnerships
UNHCR appreciates the support provided by UNICC and views this partnership as strategic. Douglas Greene, CIO, UNHCR

"In WFP we have a number of partnerships, not many, but the ones that we have are deep, are sustained, are long-term. And definitely UNICC is one of them."
Enrica Porcari, CIO and Director of Technology, WFP

"With UNICC’s data and analytics solutions UNJSPF can transform the way it does business. The data visualization is wonderful - a picture really is worth a thousand words!"
Miharu Goto Gill, Chief, Enterprise Solutions, UNJSPF

"We are pleased to renew our decade-long relationship with UNICC and look forward to continuing to optimise the system with new technology and the most trusted service support."
Paul Raines, CISO, UNDP

"UNHCR appreciates the support provided by UNICC and views this partnership as strategic."
