eLearning Content Development

Courses confirmed in 2022

Considering the current health emergency situation worldwide, **UNICC Learning Services Group** has converted classroom-based courses into virtual instructor–led classes.

To register for a course, or to request additional information (course fees, course descriptions, delivery format) please contact icttraining@unicc.org

Course fee per person specified in this document is based on the minimum and maximum number of participants in the class. Generally, minimum number of participants may vary from 3 to 5, maximum number may vary from 12 to 20, depending on the nature and cost of the training.

Any of these courses may also be organized upon request in any customer's location, subject to the minimum number of participants, or provided in e-learning format. Please feel free to contact the **UNICC Learning Services Group** for further information.

ISO/IEC 22301 Lead Implementer

Dates: 25 - 28 April 2022
Delivery Method: Dedicated Virtual | Duration: 4 Days
Time-zone: Virtual (EST— Eastern time zone)

Course Fee: Between 2,400 USD (class of 10 participants) & 3,000 USD (class of 5 participants) per person including voucher exam

This course enables you to develop the necessary expertise to support an organization in establishing, implementing, managing and maintaining a Business Continuity Management System (BCMS) based on ISO 22301. During this training course, you will also gain a thorough understanding of the best practices of Business Continuity Management Systems and be able to provide a framework that allows the organization to continue operating efficiently during disruptive events.

NOTE: This session is fully booked. Additional sessions can be organized in any required time zone.

ISO/IEC 27001 Lead Implementer

Dates: 9—12 May 2022
Delivery Method: Dedicated Virtual | Duration: 4 Days
Time-zone: Virtual (EST— Eastern time zone)

Course Fee: Between 2,400 USD (class of 10 participants) & 3,000 USD (class of 5 participants) per person including voucher exam

This course is designed to prepare participants in implementing an information security management system (ISMS) based on ISO/IEC 27001. It aims to provide a comprehensive understanding of the best practices of an ISMS and a framework for its continual management and improvement.

NOTE: This session is fully booked. Additional sessions can be organized in any required time zone.

Microsoft DA-100T00-A: Analyzing Data with Power BI

Dates: 16—19 May 2022 | Delivery Method: Dedicated Virtual
Duration: 4 Days | Time-zone: Virtual (EST— Eastern time zone)

Course Fee: Between 950 USD (class of 10 participants) & 1,800 USD (class of 4 participants) per person including voucher exam

Deadline for receiving nominations: 08 April 2022

This course will discuss the various methods and best practices that are in line with business and technical requirements for modeling, visualizing, and analyzing data with Power BI. The course will also show how to access and process data, how to implement proper security standards and policies, how to manage and deploy reports and dashboards for sharing and content distribution and how to build paginated reports and publish them to a workspace.

NOTE: Additional sessions can be organized in any required time zone

UNICC-tailored Power BI course

Dates: 29—31 May 2022
Delivery Method: Dedicated Virtual | Duration: 3 Days
Time-zone: Virtual (CET— European time zone)

Course Fee: Between 500 USD (class of 10 participants) & 1,700 USD (class of 5 participants) per person.

Deadline for receiving nominations: 05 March 2022

This course is not an official Microsoft course. It is tailored and delivered by UNICC subject-matter experts, who are also certified as professional Technical Trainers (CompTIA CTT+ certified).

This course is aimed at users who need to extract, transform, model and visualize data in Microsoft Power BI.

NOTE: This session is fully booked. Additional sessions can be organized in any required time zone

DevOps Engineering on AWS

Dates: May 2022 | Delivery Method: Dedicated Virtual
Duration: 3 Days | Time-zone: Virtual (EST— Eastern time zone)

Course Fee: 3,000 USD (class of 10 participants) per person

Deadline for receiving nominations: 05 March 2022

This course covers continuous integration (CI), continuous delivery (CD), infrastructure as code, microservices, monitoring and logging, and communication and collaboration. Hands-on labs give you experience building and deploying AWS CloudFormation templates and CI/CD pipelines that build and deploy applications on Amazon Elastic Compute Cloud (Amazon EC2), serverless applications, and container-based applications. Labs for multi-pipeline workflows and pipelines that deploy to multiple environments are also included.

Developing on AWS

Dates: June 2022 | Delivery Method: Dedicated Virtual
Duration: 3 Days | Time-zone: Virtual (EST— Eastern time zone)

Course Fee: 3,000 USD (class of 10 participants) per person

Deadline for receiving nominations: 05 March 2022

This course will help you learn how to use AWS services and developer tools, such as the AWS SDK and AWS CLI to develop secure and scalable cloud applications from an expert AWS instructor. You will explore how to interact with AWS using code and discuss key concepts, best practices, and troubleshooting tips. In this 3-day, classroom training course you will learn how to programmatically interact with AWS services to build web solutions.

Systems Operations on AWS

Dates: June 2022 | Delivery Method: Dedicated Virtual
Duration: 3 Days | Time-zone: Virtual (EST— Eastern time zone)

Course Fee: 3,000 USD (class of 10 participants) per person

Deadline for receiving nominations: 05 March 2022

This course teaches systems operators and anyone performing system operations functions how to install, configure, automate, monitor, secure, maintain, and troubleshoot the services, networks, and systems on AWS necessary to support business applications. The course also covers specific AWS features, tools, and best practices related to these functions.

Courses in the pipeline during 2022

The courses specified in this section are tentative and will be confirmed further to reaching the minimum number of participants.

Course fee per person specified in this document is based on the minimum and maximum number of participants in the class. Generally, minimum number of participants may vary from 3 to 5, maximum number may vary from 12 to 20, depending on the nature and cost of the training.

In addition, any of these courses may be organized upon request in any other location, subject to the minimum number of participants, or provided in e-learning format. Please feel free to contact the **UNICC Learning Services Group** for further information.

To register for a course, or to request additional information (course fees, course descriptions) please contact icttraining@unicc.org

Course Title	Duration (Days)	Location	Course fee per person	Tentative Period
BRM Fundamentals	2 half days	Dedicated Virtual (CET)	Between **450 USD** (class of 10 participants) & **800 USD** (class of 5 participants) per person	Q2
BRMP Foundation	5 half days	Dedicated Virtual (CET)	Between **1,500 USD** (class of 10 participants) & **2,700 USD** (class of 5 participants) per person including voucher exam	Q2
CIPM (Certified Information Privacy Manager)	3 days (5 hrs)	Dedicated Virtual (EST)	Between **2,200 USD** (class of 10 participants) & **2,800 USD** (class of 5 participants) per person including voucher exam	Q2
CIPT (Certified Information Privacy Technologist)	3 days (5 hrs)	Dedicated Virtual (EST)	Between **2,200 USD** (class of 10 participants) & **2,800 USD** (class of 5 participants) per person including voucher exam	Q2
Cobit 2019 Foundation	2 days	Dedicated Virtual (CET)	Between **700 USD** (class of 10 participants) & **900 USD** (class of 5 participants) per person including voucher exam	Q2
ISO 22301 Foundation	2 days	Dedicated Virtual (CET)	Between **1,300 USD** (class of 10 participants) & **2,500 USD** (class of 5 participants) per person including voucher exam	Q2
Prince2 Agile Practitioner	2 days	Dedicated Virtual (CET)	Between **850 USD** (class of 10 participants) & **1,200 USD** (class of 5 participants) per person including voucher exam	Q2
Prince2 Foundation & Practitioner Bundle	5 days	Dedicated Virtual (CET)	Between **1,300 USD** (class of 10 participants) & **1,700 USD** (class of 5 participants) per person including voucher exam	Q2
VMWare NSX-T Data Center for Intrinsic Security [V3.1]	5 days	Dedicated Virtual (CET)	TBD	Q3

Tailor-made Services

#1 Analysing and Visualizing Data in Excel

Level: 1 (Basic) | Duration: 2 Days

Audience: Course aimed at Users who need to extract, transform, model and visualise data in Excel

Applications: Umoja ERP (SAP ECC & BI), Microsoft Excel & Power BI

Prerequisites: Working knowledge of Microsoft Excel

Final Assessment at the end of the course

Topics Covered:

- Introduction to Excel Reporting

- Transforming data in Microsoft Excel

- Modelling data using Excel Power Tools

- Visualizing data in Microsoft Excel.

#2 Analysing and Visualizing Data in Power BI

Level: 1 (Basic) | Duration: 3 Days

Audience: Course aimed at Users who need to extract, transform, model and visualise data in Power BI

Applications: Microsoft Power BI

Prerequisites: Working knowledge of Microsoft Excel is beneficial and Completion of following online training (Lynda.com)

- Power-BI-Essential-Training

- Power-BI-Pro-Essential-Training

Final Assessment at the end of the course

Topics Covered:

- Overview of BI & Power BI Reporting

- Transforming data in Microsoft Power BI

- Modelling data in Power Query

- Visualizing data in Microsoft Power BI

Learning Delivery Services

03

#3 Analysing and Visualizing Data in Excel & Power BI (Combo)

Level: 1 (Basic) | **Duration:** 5 Days

Audience: Course aimed at Users who need to extract, transform, model and visualise data in Excel & Power BI

Applications: Microsoft Excel & Power BI

Prerequisites: Working knowledge of Microsoft Excel and Completion of following online training (Lynda.com)

- Power-BI-Essential-Training
- Power-BI-Pro-Essential-Training

Final Assessment at the end of the course

Topics Covered:

- Overview of BI, Excel & Power BI Reporting
- Transforming data in Microsoft Excel & Power BI
- Modelling data in Excel & Power BI
- Visualizing data in both Microsoft Excel & Power BI

#4 Business Intelligence (Extended) for Umoja

Level: 2 (Intermediate) | **Duration:** 5 Days

Audience: Course aimed at Users who need to extract data from Umoja ECC & BI, transform data in Microsoft Excel, and model and visualise data in Power BI.

Applications: Umoja ERP (SAP ECC & BI), Microsoft Excel & Power BI

Prerequisites: Working knowledge of Microsoft Excel, Umoja BI & SAP BO/BI. Umoja BI & ECC Certifications. and Completion of following online training (Lynda.com)

- Power-BI-Essential-Training
- Power-BI-Pro-Essential-Training

Final Assessment at the end of the course

Topics Covered:

- Overview of BI, Excel & Power BI Reporting
- Extracting data from Umoja ERP (SAP ECC & Umoja BI)
- Transforming data in Microsoft Excel & Power BI
- Modelling data in Power Query & Umoja BI
- Visualizing data in Power BI & Umoja BI

#5 iNeed—Service Desk Agent Basic Training

Level: 1 (Basic) | Duration: 1 Day

Audience: Course aimed to provide guidance for processing common operational tasks

Applications: iNeed

Prerequisites: Access to iNeed

Topics Covered:

- Introduction to iNeed

- Service request creation and management

- iNeed activities reporting and data extract

- Agent navigation and dashboard management

Courses upon request during 2022

The courses mentioned in this section may be organized upon request, subject to the minimum number of participants, or provided in e-learning format.

The course list is for reference and may vary depending on new releases or updates of each brand.

For any additional requirement not listed in this catalogue, please feel free to contact the **UNICC Learning Services Group** at icttraining@unicc.org.
